Judge David McDonald, one of the most eminent lawyers of the State, volunteered the following ecommendation of the work:

Another matter of great importance to the lawyer in this volume is a good collection of the subjects of all leg-islation since 1851. Heretofore, the lawyer in examining

our legislation on any given subject had first to find what

was relevant to it in the Revision of 1852, and then to turn

over the pages of the volumes of subsequent Statutes, to

see how far recent legislation may have repealed or mod'fled the provisions contained in that Revision, and even then he would often feel doubt whether he had found all

A still more valuable feature are the copious and accu-

rate notes contained in the volume in question. This vol-

ume includes the Constitution of the United States, the

Constitution of Indiana, and several important acts of Vir-

ginia and statutes of Congress, and a large portion o our

own statutes now in force. The numerous decisions o the

tutions and statutes are found at the bottom of the appro-

priate pages, in the form of neat, brief and accurate note-

Courts on the various provisions contained in these Constis

formed this part of their work exceedingly well. It must

have cost them much care and labor. By it they have

greatly lessened the labor of the practising lawyer, and

To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to Females, where a Tonic is required to strengthen and brace the system.
